IN THE FOOTBALL WORLD

WHAT HAS BEEN DONE BY VARI-OUS FRESHMAN TEAMS.

A Trying Season for Varsity Captains -Cards and Football Den't Mix, Says Coach Yost of Michigan, Who Also Makes a Prediction-Team Practice.

The Harvard freshman football team, unlike its varsity prototype, has not been scored on this year, while the Yale freshman sleven, like the varsity, has not been scored which the back field hurled at the second string.

None of the freshman teams of the colleges has played as many games as respective varsity, but the freshman tetring schedules they play, has been defined been been by on the whole, considering the somewhat tetring schedules they play, has been defined been been have been hav its respective varsity, but the freshman play on the whole, considering the somewhat scattering schedules they play, has been good. Except in the case of the Pennsylvania youngsters, the freshmen have been showing a better defence than offence. Opponents have been having a hard time scoring on them, but they haven't been coring much against opponents.

The Pennsylvania freshies have won three games out of four and made a total of 48 points. They were beaten by Hill School, but only because the Quaker kids failed to kick a goal from a touchdown. The Cornell freshmen have won two games without being scored on, while the Dartmouth freshmen have a 16 to 0 victory to their credit. Freshman records to date are as follows:

Harvard, 6; Groton, 0. Harvard, 6; Exeter, 0. Harvard, 0; Andover, 0. Yale, 0; Hotchkiss, 0. Yale, 0; Williston, 0. Princeton, 0; Lawrenceville, 0; Princeton, 12. Pennsylvania freshies have won three games

Schildmiller again was on the varsity at end. Daly played left end on the second and Brady on the first. The scrimmage to-day was between the first and third elevens. The third gained a lot of ground and had the ball on the regulars' five yard line before they lost it.

PRINCETON. Oct. 28,-At University Field this afternoon the Tigers were worked like Trojans for about three solid bours. During two thirty minute haives the varsity was driven at a fast clip. For the first ten minutes the freshmen opposed the regulars and Coxe scored a touchdown on a plunge through tackle. Then the scrub came on for the rest of the scrimmage. The varsity managed to tally twice after that through nicely operated formations which the back field huried at the second string.

PROVIDENCE, Mass. Oct. 28.—The Harvard varsity was drilled hard this afternoon during a long practice behind closed gates. The feature of the practice was the twenty-five minute scrimmage with the varsity from scoring, although the varsity from scoring, although the varsity from scoring, although the varsity for downs. Capt. Burr was on the field and ran through signals but did not play. Nourse was also laid off. All the other regulars got into the game except Browne, whose place at left end was filled by Cutting. McKay came in for the most coaching. Graves followed him throughout the scrimmage with the varsity from scoring, although the varsity from scoring although the varsity for downs. Capt. ENGLISH COMMENT ON AMER-ICAN YEARLINGS.

Phose Recently Sold at Newmarket Made a Favorable Impression—Richard F Carman's Stable Shipped to Los Angeles-To-day's Jamaica Entries.

Over in England the American yearlings recently sold at auction have made a favorable impression. English experts who have aspected them are praising the breeding industry in this country. In regard to this matter the London Sporting Life says: "At Newmarket this year 119 American bred yearlings have been sold under the

hammer. They have realized an aggre-gate of 19,055 guineas. Pregnant facts these; facts that are not calculated to afford much consolation to some of our own public breeders. The less so, because it is almost certain that if a similar number of English bred yearlings of the same class had been effered they would not have made so much money. And why not?
"Buyers over here know so little of the

qualifications of American sires that they have had to assess the yearings sent over here at their face value. It is only rarely that they can be induced to adopt that course when the subject is a home bred animal. Instead they are influenced and prejudiced by their knowledge of the sire's family, or the dam's family; and so it frequently happens that a yearling does not make his real market value. But there s, no doubt, another cause for the ready sale these American yearlings have had. The soundness of their legs and feet and their excellent condition generally have been the subject of favorable comment. In these respects they have surpassed the English yearlings we are in the habit of

"It would seem there is some special virtue in the treatment adopted at the stude in Kentucky. What is it? Perhaps someoody will kindly tell us. But we should in this connection bear in mind that the youngsters which have recently come across the Atlantic are what may be described as specimens-a pick of their respective paskets. When making a selection for the English market the American breeder, anxious to produce a good impression is naturally not going to single out the worst for transportation. So it is, perhaps, hardly fair to make a comparison to the disadvantage of the native product. Still, there is no getting away from the fact that

be away in the spring before he is free to meet Dorando.

No athletic contest of modern times created such feeling as the finish of this particular Marathon. Dorando, who was leading by about four minutes, collapsed after entering the stadium. Half a mile or so outside the road Dorando, it was said, received a drink of champagne which caused his legs to give way under him. At any rate he was in a frightful state and sprawled on the track, but the bystanders in their excitement helped him to his feet and he managed to crawl across the line. A protest was lodged by the Americans and Hayes got the race. A special prize was presented to Dorando by her Majesty Queen Alexandra, who made the presentation herself. He got a tremendous ovation from the crowd of 60,000 persons present.

ATHLETES STILL AT ODDS. Major Turpin's Explanation Falls Satisfy A. A. U. Officials.

Major John J. Dixon of the Forty-seventh Regiment, secretary of the Amateur Ath-letic Union, answered Major Turpin's manifesto yesterday, and from what he said the A. A. U. looks upon the "go it alone move of the Military Athletic League in a totally different light than Major Turpin wants to convey. In short the closing of military games to militamen means

in the armories, and they, the M. A. L., will not have open events.

"If such is the case is the M. A. L. helping sport? No, it is not helping amateur sport, and when the M. A. L. is not helping amateur sport what use is it to the A. A. U. as an allied member? The A. A. U. was saked to loan its athletes to the M. A. L. and in return, sport was to be encouraged. That is the point at issue. If the M. A. L. is to confine its activities within the regiments and bar all outsiders from using the armories that is not going to help sport, and the A. A. U. will be forced to protect its members and seek a new alliance that will encourage athletics."

O'Brien-Langford Fight Postponed. Manager John White of the National round glove contest between Philadelphia Jack O'Brien and Sam Langford scheduled for to-morrow night had been postponed for one week because of the attitude of the Police Department toward the boxing clubs in this city. White said that a number of all star bouts would be put on to-morof the Police Department toward the boards clubs in this city. White said that a number of all star bouts would be put on to-morrow night as a test of the law. The managers of the National A. C. say that their patrons have been regularly elected to membership and that they have acted strictly within the meaning of the law.
